OUR ARMS FOR SEERVICE:

DESIGN SECTION:

Artists drawn from the best talent available in art schools, Fashion Designing Institutions are constantly engaged in preparing paper designs. These designs comprise both for weaving and for hand block or screen printing. The attempt is to preserve traditional designs by reviving them and/or adopting them to the requirements of the market. The designs help in production of items both for domestic and export markets. The CAD facility available presently in all WSCs helps in preparing the designs and techniques with the aid of a computer. These centres have the services of Jala Makers, graph paper designers who work in close association with the Dyeing Laboratory and the weaving section. Care is taken to see that the designs developed are within the discipline imposed by the types of yarn, dye stuffs and weaving techniques as per requirements of the sector.

WEAVING SECTION:

Weavers' Service Centre, Bhubaneswar in the State of Odisha has given due emphasis rendering the best services for the development of handloom designs and techniques. Expert weavers of various techniques and skills belonging to traditional weaving communities are here. They are supervised by qualified textile technologies. Facilities of proto-type looms and weaving equipments are available in the section. Fabrics in new designs and new textures are produced using different yarns. The section also undertakes simple improvements in looms and in the process of weaving. Field services and on the spot demonstration are carried out at weavers cottage/societies/cluster by our technical experts throughout the years contributing maximum service to the weavers. Skilled technicians always carry out the training programme enriching the knowledge of the weavers either at the society level or at the centre for using Dobby, Jacquard, Jala to weave with extra-warp and extra-weft designs in order to develop the traditional Sambalpuri Tie & Dye sarees, Bomkai, Siminoi etc.

DYEING LABORATORY:

WSC, Bhubaneswar has a fully equipped dye laboratory manned by experienced dyers and qualified technical officer/staff capable of developing techniques in processing of fabrics. Our laboratories have shade cards of silk and cotton. Also, we have prepared silk shade card on vegetable dyeing. These illustrate a number of shades used in the field of handlooms and also give details of the method of application of dye-stuff, temperature to be maintained and the duration of dyeing for each shade. These shade-cards also provide information and degumming, scouring, bleaching, dyeing etc.

PRINTING SECTION:

Our Printing section has a long table for hand-block printing. Beautiful and exclusive hand-blocks (ranging from different sizes/no. of colour) are available for preparing the block printing. Dischargeable and non-dischargeable dye stuffs have been effectively used to obtain multiple effects of rare beauty. Weavers' Service Centre, Bhubaneswar has the excellent craftsmanship of Dyeing and Printing technique for the tassar and silk printing alongwith various types of printing on cotton fabrics.

LIBRARY AND DOCUMENTATION SECTION:

A collection of cloth samples, photographs, colour slides, books and periodicals dealing with various aspects of the textile industry are available in this section. In an attempt to augment the resources of the WSCs, there is a proposal to acquire a sizeable collection of books and periodicals to form a rich library in each of the centres.

DESIGN RESOURCE CENTRE (DRC):

Design Resource Centre (DRC) is an initiative taken up by the Office of Development Commissioner for Handlooms, Ministry of Textiles, Government of India to build up and create design oriented excellence in the Handloom Sector. The main aim of Design Resource Centre is to develop a strong, competitive and vibrant Handloom Market in the society and to provide sustainable employment to the handloom weavers. DRC would be repositories of inventory of Handloom samples and designs in the Weavers' Service Centre and also, the centre of creation and promotion of new designs.

Design Resource centre has the following facilities:

- a) To develop new designs Manually/CATD
- b) Live demonstration of weaving
- c) To develop woven prototype
- d) Skilling of trainees
- e) Collection of technical books, relevant to design and woven samples
- f) Display of traditional and contemporary handloom products

This project is prestigious and is expected to attract various stakeholders including weavers, designers, exporters scholars, manufactures and co-operatives etc. who are likely to be gained by introducing new designs/products in the market.

OUR CHARTER OF SERVICES:

DESIGN DEVELOPMENT:

Innovative and developed designs, motifs, patterns and prints, via in-house skills, on a regular/ongoing basis, through appropriate systems and trained designers and synchronization of traditional designs, etc. with modern and contemporary design. For this purpose, development of in-house designs undertaken based on:

- a. Specific demand from the market in terms of apex societies, weavers cooperative societies, institutions, exporters, manufacturers or private persons/master trainers.
- b. As per the demand of the international market in terms of colour, design and fashion forecast.
- c. Revival of market worthy traditional motifs
- d. Artists delight from various sources e.g. Museums, Temples, Palaces/Havelis/Houses State/National Archives Private collectors, College of Arts/Crafts caves, Book of Arts/Artifacts. Utmost care is taken to assess its market – worthiness. Help of CATD is taken to perfect the colour and design combination and suitability of fabrics.
 - Maintain and update an inventory of designs, motifs, patterns, prints, etc. and display of developed samples in Display hall/DRC.
 - Popularize increasing adaptation and adoption of designs etc. as a vital ingredient of value added product development/diversification and for the creation and sustenance of a culture of quality.
 - Weavers Service Centre is linked with the National Centre for Textile Design in order to provide information to weavers in terms of fast changing consumer preferences, fashion trends and technological developments in the means of communication both within and outside the country. Weavers' Service Centre on line activities with NCTD and subsequently with weavers relates to the provision and analysis of trends and forecasts of colour and fabrics for the fashion and home fashion industry keeping in mind the requirements of the entire sector such as colour forecasts with regional preferences, forecasts of fiber blends, weaves, fabric structure, motifs and print idea for printed fabrics. WSC has linkages with Export Promotion Councils, State Handloom Agencies having Design Centres, Apex Trade Bodies both inside and outside of the country and related linkages to the textile resource sites. It has a data base of reputed handloom manufacturers, fiber suppliers, spinners and yarn makers, machinery and fashion accessories suppliers, garment manufacturers etc.

- WSC maintains constant approach for Design development at field level, although Orissa is famous for tie & dye (IKAT) designs, still substantial effort is being made to develop other designs with extra warp & extra weft designs.

Bargarh, Sonapur, Maniabandh, Nuapatna, Gopalpur, Jagatsinghpur are some of the important handloom clusters in Odisha. Weavers' Service Centre always emphasizes a lot deputed Textile Designers and other technical personnel to visit those areas for Design Development, enriching colour combination layout and the basic textures of the fabrics. Papers painted Designs developed at the Centre are distributed and also papers painted designs are developed by interacting with the weavers/manufacturers on the spot to bring out new designs. The colour combination, layout of the design is always developed keeping the market trend in view so that this can have easy marketability. Revival of traditional and ethnic varieties like Bomkai, Siminoi, Habaspuri, Mayurbhanj Tribal, Kotpad etc. are taken up with suitable modification and diversification to suit the urban taste.

Revival and development of Bomkai Design is the noticeable contribution of the Weavers' Service Centre. Fine cotton saree weaving in the coastal belt of Jagatsinghpur has the special starching application in the course of weaving is done to give a better folding to sarees blending together tie and dye and extra weft designs. Practical demonstration and training is always arranged to evolve new designs while carrying out design development by using dobby, jacquard, jala or tie & dye.
